The software was designed to create ringtones for LG enV Touch or Dare models. You can select the type of conversion you wish to perform and the program will take you through it. 3 Reasons to Download Ringtonesia LG enV Touch Maker: Recommended by genuine LG Customers 1. Best LG Ringtone Making Software Leveraging on the large amount of LG enV Touch users that have been frustrated with the rate of success and satisfaction they had when trying to create ringtones for their phone, there was a long need for a user-friendly, fast and effective ringtone making software that would bring together all the ingredients required for a ringtone, thus enabling an individual to create their own ringtone. Ringtonesia LG enV Touch Maker was born to help LG enV Touch users. What sets it apart, well, apart from other ringtone making software, is its ease of use and it being built specifically to create ringtones for LG enV Touch and LG Dare. 2. Trim the Audio Duration by Selecting the Beginning and Ending Points: In order to be able to create a ringtone from an audio file, first you have to trim off the beginning and the ending parts of the audio. Unfortunately, no software was available that would let you do this automatically. Ringtonesia LG enV Touch Maker, has made it possible by letting you select the beginning and ending points, that is, the beginning and ending frames of the song. This is a more efficient way to trim the duration of the audio to get the exact desired duration. 3. Create a Ringtone for the LG enV Touch and LG Dare: You don't need to have any prior knowledge about the audio to be able to create a ringtone for your LG enV Touch. You simply have to choose the type of conversion you wish to do and the software will take you through it. You can choose to convert the audio to MP3, WAV, AVI, DIVX, XVID, VOB, MPEG or DVD, which is very similar to what you would do when using a standard player. After that, you can just select the type of output file format you wish to have the resulting ringtone, so you can get the ringtone compatible with your LG enV Touch and LG Dare. #5) LG enV Touch LG enV Touch Maker + LG enVTouch.NET Overview LG enV
